<b>BIO 444 Immunology - New course.</b>	Syllabus needs tweak to include course number	<b>Passed</b>
<b>BIO major – alteration of program</b>	Clarity in the menus could be improved: remove reference to 62 cr in the headers of C and D. Dept has options: e.g. add 3 cr of extra science/math into Category B.	<b>Rejected</b>
<b>CON - major – alteration of program</b>	Not clear that the extra science statement needs to be there. The requirement of 65 credit in the sciences is already met by the list of required courses.	<b>Hold</b>
<b>IST GES -- alteration of concentration in program</b>	ECO 105 could be moved closer to the core. We suggest B and E be joined in one ECON category	<b>Hold</b>
